

Third Party Extensions Support

Written by Administrator
Wednesday, 23 June 2010 22:08

A selection of **third party** extensions have compatibility styled support with Panacea, ranging from the community component, **JomSocial**, to the ecommerce solutions, **Tienda** and **Vir tuemart**, as well as content extensions such as **JComments** and **K2**.

Extensions List

View the various **third party** extensions with their **compatibility** styling from the **Panacea** template. Click below.

[More Info](#) Activate Styling

Enable **Third Party Styling** in the Gantry Advanced settings to activate the styling for these extensions and vice versa.
